This proposal solicitation document is available in an Adobe Acrobat (pdf) format. Any alteration to this document made by the proposer may be grounds for rejection of proposal, cancellation of any subsequent award, or any other legal remedies available to the Sumner County Board of Education.

Introduction

Sumner County Emergency Management Agency, or hereinafter as "Sumner EMA", is hereby requesting a proposal for 012716-03 EMERGENCY NOTIFICATION SYSTEM.

General Information

I. Proposal Package

All sealed proposal packages must include all of the following, when applicable. Any sealed proposals shall be rejected as a non-conforming bid if any applicable item is missing.

- x Three (3) complete copies of proposal
- x Evidence of a valid State of Tennessee Business License and/or Sumner County Business License
- x Evidence of compliance with the Sumner County Government Insurance Requirements, if work is performed on Sumner EMA Property
- x Signed and completed Statement of Non-Collusion (Attachment 1)
- x Properly completed Internal Revenue Service Form W-9
- x Evidence of a company's safety program and, if supported, a drug testing program (Attachment 2) Drug-Free Workplace Affidavit
- x If bid is in excess of \$25,000, a certification of non-debarment must be completed (Attachment 3) Certification Regarding Debarment, Suspension, and Other Responsibility Matters
- x Certification By Contractor (Attachment 4)

NEW VENDORS

1. To comply with Internal Revenue Service requirements, vendors who perform any t

3. In addition, for all vendors with annual purchases in excess of \$50,000 (if a business license is required), a business license must be on file in the finance department or the requisitioner must submit a copy with the purchase order requisition form or the year-end requisition form, as applicable.

II. Responses

- x Proposal must include point-by-point responses to the RFP.
- x Proposal must include a list of any exceptions to the requirements.
- x Proposal must include the legal name of the vendor and be signed by a person or persons legally authorized to bind the vendor to a contract.
- x If applicable, proposal must include a copy of the contract(s) the vendor will submit to be signed.
- x Any and all proposal requirements must be met prior to submission.
- x The bidder understands and accepts the appropriation of funds provision of the Sumner County Government.
- x If noted in the section "proposal requirements" or later requested, the contractor will be required to provide a reference list of clients that have a current contract for services with their company.

III. Clarification and Interpretation of RFP

The words "must" and "shall" in this Request for Proposal indicate mandatory requirements. Taking exception to any mandatory requirement shall be grounds for rejection of the proposal. There are other requirements that the Sumner EMA considers important but not mandatory. It is important to respond in a concise manner to each section of this document and submit a summarized list of all exceptions.

In the event that any interested vendor finds any part

VII. Payment Terms

Payment terms shall be specified in the bid response, including any discounts for early payment. All payments, unless agreed upon differently, will be after receipt of service or product and Sumner EMA approval of conformance with specifications.

VIII. Deadline

Sealed proposals will be accepted until JANUARY 27, 2016 10:30 A.M. Proposals received after that time will be deemed invalid and returned unopened to the vendor. Vendors may propose packages must allow sufficient time to ensure receipt of their package by the time specified. There will be no exceptions.

IX. Withdrawal or Modification of Proposal

A withdrawn proposal may be resubmitted up to the time designated for the receipt of proposals provided that it fully conforms to the same general terms and requirements.

X. Package

The package containing the proposal must be sealed and clearly marked "EMERGENCY NOTIFICATION SYSTEM" on the outside of the package. Responses may be delivered or mailed to the following address.

Sumner County Board of Education
Attn: Purchasing Supervisor
1500 Airport Road
Gallatin, TN 37066

XI. Right to Seek a New Proposal

Proposals will be awarded to the best overall response as determined by that which is in the best interests of Sumner County.

XII. Procedures for Evaluating Proposals and Awarding Contract

In comparing the responses to this RFP and making a award, Sumner EMA may consider such factors as quality and thoroughness of a proposal, the record of experience, references of the respondents, and the integrity, performance, and assurances in the proposal in addition to that of the proposal price.

- x Proposals will be examined for compliance with all requirements set forth herein.
- x Proposals that do not comply shall be rejected without further evaluation.
- x Proposals will be subjected to a technical analysis and evaluation.
- x Oral presentations and written questions for further clarifications may be required of some or all vendors.

XIII. Discussions

Discussions may be conducted with vendors which have submitted proposals determined to be reasonably likely of being considered for selection to assure full understanding of and responsiveness to the RFP requirements. Every effort shall be afforded to assure equal treatment with respect to the opportunity for discussion and/or revision of their respective proposals. Revisions may be permitted after the submission and prior to the award for the purpose of obtaining the best offers.

XIV. Open Records

After the bid is awarded, all proposals will be subject to the Tennessee Open Records Act, and the proposals will be available to the public upon written request.

Summary information on bids submitted will be posted on the School System website at <http://www.sumnerschools.org> under "Bids" link.

XV. Assignment

Neither the vendor nor Sumner County Government assign this agreement without prior written consent of the other party.

XVI. Liabilities

The vendor shall indemnify Sumner County Government and its liability for any suits, actions, or claims of any character arising from or relating to the performance under this contract by the vendor or its subcontractors.

Sumner County Government has no obligation for the payment of any judgment or the settlement of any claim made against the vendor or its subcontractors as a result of obligations under this contract.

XVII. Tax Status

Sumner County Emergency Management Agency is tax exempt.

XVIII. Invoicing

Invoices are to be submitted to:

Sumner County Emergency Management Agency
255 Airport Road
Gallatin, TN 37066

The vendor must provide an invoice(s) detailing the terms and amounts due and the dates due. All invoices shall indicate payment terms and any prepayment discounts.

XIX. Contract Nullification

SumnerEMA may, at any time, nullify the agreement if, in the judgment of SumnerEMA, the contractor(s) has failed to comply with the terms of the agreement. In the event of nullification, any payment due in arrears will be made to the contractor(s), but no further sums shall be paid to the contractor(s). The agreement between SumnerEMA and the contractor(s) is contingent upon an approved annual budget allotment and is subject, with thirty (30) days notification, to restrictions or cancellations if budget adjustments are deemed necessary by SumnerEMA and the contractor(s).

Specific Information

The Sumner County Emergency Management Agency is soliciting to secure pricing for an emergency notification system. The bid shall be valid for a period of 90 days.

See attached document for detailed specifications.

STATEMENT OF NON-COLLUSION

The undersigned affirms that they are dully authorized to execute this contract, that this company, corporation, firm, partnership or individual has not prepared this proposal in collusion with any other respondent, and that the contents of this proposal as to prices, terms or conditions of said proposal have not been communicated by the undersigned nor by any employee or agent to any other person engaged in this type of business prior to the official opening of this proposal.

1. Proposal Questionnaire

1.1. Vendor Background

| Vendor Information | |
|--------------------|--|
| CompanyName | |
| Address | |
| City, State & Zip | |
| Website | |

| Primary Vendor Contact | |
|------------------------|--|
| Name and Title | |
| Phone | |
| Email | |

1. As its primary business, is it a for-profit or not-for-profit?

1.2. VendorReferences

1. Provideat least five (5) city and/or county referencesthat currently use the proposedsystem. Eachreferencemust havea populationof at least50,000.Also,at leastthree (3)referencesshould be within the state of Tennessee.

Includethe followinginformation for each(marketingmaterialswill not suffice):

- x Agencyname
 - x Addresscity, state, zip
 - x Contactinformation
 - x Yearsusingsystem
 - x Population
2. Provide documentation for a non testing instance where the proposed system has been effectivelyusedto completemore than 200,000voicecallsfor a singleclient within one (1) hour for a communityof a similarsize.
 3. Prospective vendor must documenta specificcommunityor regionalpublic safetyevent where notificationsexceeded1,000,000callsin a consecutive24 hours.
 4. Listadditional eventsthat meet or exceedthe requirementabove.For each,include the date, location,event name,population,and notification results.
 5. Theproposedsystemmust haveexperiencelaunchinga minimum of five (5) million callswithin in a singledayfor city and/or countyclients.Providea detailedcasestudyto verify experience.

1.3. SystemArchitecture

1. Describethe proposedsystem'sability to deliver a high volumeof callswithin a short period of time.
2. The proposed system must not overload the local telephone circuits during an emergency. Describethe systemdetectslimitations in the localtelephoneinfrastructureandadjustthe callvolumeasneededto increaseefficiency.
3. Describethe system'scapabilities,at a minimum, to send messages

-
6. At a minimum, the system must be triple redundant with facilities geographically separated across multiple power grids and time zones. Describe the vendor's compliance with this requirement.
 7. The system must provide for no down time. Describe the failover capabilities of the proposed system's server architecture.
 8. Explain in detail the vendor's measures to safeguard the system from downtime caused by catastrophic event, electrical failure, Internet outage, etc.
 9. Have any of the vendor's clients been unable to deliver notifications due to system downtime? If so, provide the length of downtime for each instance and explain how the situation was resolved.
 10. What measures are taken to secure the system from unauthorized access?
 11. Describe each of the vendor's

-
6. The IPAWS system must provide separate text boxes for WEA messages vs. EAS/NWEM messages to allow for the character restrictions of each with visible character count tabulations. Does your system comply? If so, describe this feature and provide a screenshot.
 7. The proposed IPAWS tool must be within the proposed solution and not provided as separate software. Does your system comply?

1.7. Automated Severe Weather Notification

1. The proposed system must be capable of delivering unlimited automated calls/voice messages to the community for select warnings issued by the National Weather Service. Contracted or third party solutions will not be considered. Describe every step in the vendor's process for delivering automated weather alerts to the public, not simply weather watches.
2. The proposed system must be capable of launching select automated weather warning calls based on the lat long polygon issued by the National Weather Service and not the county or FIPS codes.
3. Can residents indicate which types of weather notification they receive (e.g., FIPS codes)?

-
12. If _____ provides our own mapping layers for direct use within the proposed system, what is the time needed to integrate this data?
 13. The system must allow users to access multiple map sources and customize map views by enabling or disabling specific GIS layers.
 14. Users must be able to designate specific addresses on the map and define the radius around the targeted areas. Describe how this is accomplished.
 15. Users must be able to easily broaden a notification area and re-launch a message to new selections and prior non connects—while excluding previous message recipients to avoid duplicate contacts. Describe how this is accomplished.
 16. The system must be able to prioritize notifications closest to an event location and systematically expand outward. Describe how this is accomplished.
 17. The system must support notification by city or by zip code.
 18. Users must be able to define a notification area down to the street level, including address ranges and odd/even street addresses. Describe how this is accomplished.
 19. The system must automatically geo code all address data at entry.
 20. Explain how the proposed system prevents centroid geo coding errors?

1.10. Reporting

1. Describe the system's reporting capabilities, including the types of data represented and how long the data is archived.
2. Describe the system's ability to report on the status of every call, indicating whether it was answered by a live person, or reached an answering device, bus signal, or operator intercept.
3. All report data must be updated in real time. Describe how this is accomplished.
4. The system must provide a variety of reporting formats, including statistical presentations as well as graphical displays (e.g., charts and maps). Provide a sample report to illustrate the system's capabilities.

1.11. Training, Maintenance, and Implementation

1. Initial live online training is required. Describe the vendor's initial services as well as any follow up training. [Indicate whether initial training must be onsite.]
2. Does the vendor provide live technical support 24/7/365?
3. Describe how support calls are handled.

-
4. Is client support handled by a dedicated, in-house team or through a third party?
 5. What is the vendor's average response time for technical issues?
 6. Describe the level of user involvement required for system maintenance.
 7. Is the proposed system capable of sending notifications to our community immediately? If not, describe the implementation timeframe and resources required for an agency of our size.

1.12. Inbound Interactive Voice Recorder

1. The Vendor must provide a toll free telephone number for customer support. The number must be available 24/7/365. The number must be available to all customers.

2. Pricing Structure

Include a separate pricing page that includes the following information:

1. A description of how pricing is determined.
2. A breakdown of included features and any costs for additional features.
3. An outline of all additional fees (e.g., implementation, training, client support, data maintenance, etc.).
4. A guarantee of the final contract price, indicating the basis for any price increase over time (e.g., registration increase, rise in users or population, incremental percentage increase, etc.).
5. Itemized change in pricing due to additional residents to put in, significant changes in population, etc.
6. Provide additional hardware option for devices that support the proposed solution.

3. Terms and Conditions

Provide any terms and conditions necessary for this project.
